Product Features

Updated for style

The ThinkPad L13 Yoga features a redesigned chassis with much thinner bezels than its predecessors - yielding a cleaner, smarter display.

Do it your way

Hold the L13 Yoga in your hands to use as a tablet. Fold it back on itself to watch a video or better share your screen. Use the keyboard as a stand to focus on the display, or use it as a laptop when you need to type. Plus, with the garaged rechargeable pen, you can sketch or take notes without every worrying about running out of ink.

Sound waves wash over you

The ThinkPad L13 Yoga 2-in-1 laptop features Dolby Audio Premium, which delivers crystal-clear audio when watching videos or taking a call. And dual far-field mics cancel noise and ensure that you'll be heard clearly on every call as well.
